

July/25/2024

Dear Providers and Clinics,

The Laboratory has done a verification of our Chemistry normal reference ranges on our new Chemistry analyzers.

We have reviewed the data and will be making small changes to update the reference range on the following analytes:

Chloride: 100 to 111 (Previous range: 98 to 109)

Creatinine: 0.55 to 1.15 (Previous range: 0.52-1.18)

Sodium: 136 to 144 (Previous range: 137 to 146)

Anion Gap: 5 to 13 (Previous range: 7 to 16)

Thank you for your continued support of the Laboratory at Montrose Regional Health.

Dr. Nicholas Radovich
Laboratory Medical Director
